__init__.py

`src/moe_pruning/models/switch_transformers/__init__.py · 18 lines · module moe_pruning.models.switch_transformers`

What it does

Registers the Switch Transformers plugin: `SwitchTransformersAdapter`, the sequence-to-sequence denoising task and `AutoModelForSeq2SeqLM`, for `model_type = switch_transformers` (e.g. google/switch-base-8).

Connections

Uses: `moe_pruning.models`, `moe_pruning.models.switch_transformers.adapter`, `moe_pruning.tasks.seq2seq_denoising`
