logging.py

`src/moe_pruning/utils/logging.py · 22 lines · module moe_pruning.utils.logging`

What it does

`setup_logging()` configures console and file logging (`experiment.log` in the run directory) and quiets noisy third-party loggers.

Defined in this file

Extracted from the source code (classes, public functions and methods).

Name	Description
`setup_logging(level, log_file)`	Console + file logging; quiet third-party loggers.
